# Minutes of the Thirteenth Annual Convocation

The Thirteenth Annual Convocation of the Missionary District of Utah assembled in St. Mark's Cathedral, Salt Lake City, May 19th, 1920. The Holy Communion was celebrated by the Right Reverend Arthur W. Moulton, Bishop of Utah, assisted by the Very Reverend W. W. Fleetwood and the Reverend W. F. Bulkley. The choir of Rowland Hall rendered the music.

Convocation was called to order by the Bishop at quarter to twelve for organization. The Bishop announced the appointment of the Hon. M. L. Ritchie, the Reverend M. J. Hersey and the Reverend H. E. Henriques to serve as a Committee on Credentials and to prepare and present a Roll of Delegates and Alternates. The Committee presented the following roll, which was accepted:

The roll presented above was called, and a quorum being present, the Bishop declared Convocation open for such business as should come before it.

Names marked thus (\*) responded to roll call at one or more sessions.

The Bishop called for nominations for a Secretary of Convocation for the ensuing year. Dean Fleetwood presented the name of the Rev. Hoyt E. Henriques. There being no further nominations, the Bishop declared them closed and cast the ballot.

The following standing committees were announced:

**Bishop's Address:** Dean Fleetwood, Judge Ritchie and the Rev. J. W. Hyslop.

**State of the Church:** The Rev. W. F. Bulkley and Prof. G. M. Marshall.

**Canons:** Judge Ritchie, J. L. Yundt and Dean Fleetwood.

**Finance:** J. W. Thompson, J. B. Scholefield and the Rev. W. F. Bulkley.

**Resolutions:** Rev. M. J. Hersey, E. H. Hamilton and W. S. Nicholson.

**Institutions:** Rev. W. F. Bulkley and Dr. Goeltz.

Dean Fleetwood presented the following report of the Council of Advice:

Salt Lake City, Utah,  
May 19, 1920.

To the Convocation of the District of Utah:

The Council of Advice respectfully reports that since the Convocation of 1919 the only formal business transacted by the Council was (1) approving of the appropriation of four hundred dollars (\$400.00) of accrued interest of the Bishop Spalding Memorial Fund to the purchase of additional land for the Emery Memorial House, and of six hundred dollars (\$600.00) to the use of St. Mark's Hospital; (2) consenting to the indefinite postponement of the regular 1920 meeting of Convocation.

On the resignation of Bishop Touret from charge of the District, February 17, by appointment of Bishop Tuttle the Council became the "Ecclesiastical Authority" in matters local and emergent. This authority ceased with the consecration of Bishop Moulton.

GEO. M. MARSHALL,  
Secretary.

The Secretary then read the report of the Archdeacon, Venerable W. W. Reese, who was unable to be present:

Dear Bishop Moulton:

I submit the following report of my work as Archdeacon of the District for the year 1919:

I have held services in the following places where we have missions: Plain City, Garfield, Park City, Helper, Castlegate, Standardville, Kenilworth, Duchesne, Myton, Roosevelt, Fort Duchesne and White Rocks. I have also held a service in Ogden on request of Rector and looked after St. Peter's, Salt Lake, until the coming of Deaconess Shepperd in September. I have administered Holy Communion in private 6 times, in public 13 times, and conducted 62 other

services. I have baptized 14 children, married 7 couples and conducted 11 funerals. I also have visited the following places once or a number of times for service or the work of the church: Tooele, Milford, Bingham and Lyndyll.

During the past summer I visited the reservation a number of times in the interest of the program for Indian work as outlined by Bishop Touret. Rev. Wm. Holmes of the Diocese of South Dakota and I spent the month of August in endeavoring to have the Indians undertake for themselves the work of religious instruction. Results are now appearing in Mr. Hersey having the leading Indian family go to South Dakota to see what the church has done for the Sioux and to return to the Utes and have them take up a similar effort.

For two months last fall I was east in the interest of the Nation Wide campaign. On my return I felt that I could not take the hard trips over the state and Mr. Bulkley kindly offered to take the coal camps and the reservation. Rev. Mr. Thwing took charge of Garfield and Park City at the end of the year.

Respectfully,

W. W. REESE,

The Secretary then read the report of the Medical Director of St. Mark's Hospital and of the Superintendent of the Training School. These reports were copies of the annual statements to the Board of Directors. They (and all other reports of Institutions) will be found in Appendix "B."

Convocation declared a recess at half-past twelve to partake of the luncheon provided by the women of St. Mark's Parish.

Convocation was called to order at two o'clock. Roll call showed a quorum present. The Bishop then read his annual address. (This is to be found in Appendix "A".)

Mr. J. B. Scholefield presented his report as Treasurer of Convocation. It was referred to the Finance Committee. (The report can be found in Appendix "C".)

Mr. J. Walcott Thompson, Chairman of the District Committee on the Nation-Wide Campaign presented the following report:

To the Right Reverend Arthur W. Moulton, Bishop of Utah.

Some time during the summer of 1919 the Right Reverend Frank Hale Touret, Bishop of Western Colorado and Acting Bishop of Utah, appointed the following committee as the District Committee of the Nation Wide Campaign for Utah:

J. B. Scholefield,	J. Walcott Thompson, Chairman,
J. E. Jones,	Mrs. W. W. Reese, and
	Reverend E. T. Lewis.

The committee held several meetings during the summer and fall, but the greater portion of the work of the Committee was done by the chairman through no fault on the part of any member of the committee, but rather because of the inability of the chairman "to let George do it."

Throughout the summer and fall the committee distributed the literature forwarded from the General Headquarters in New York to the following parishes and missions:

St. Mark's Cathedral, Very Rev. W. W. Fleetwood,  
 St. Paul's Church, Rev. J. H. Denis,  
 St. John's, Rev. Hoyt E. Henriques,  
 St. Peter's, Deaconess Shepard,  
 Church of the Good Shepherd, Rev. J. W. Hyslop,  
 St. John's, Logan, Rev. E. T. Lewis.  
 St. Mary's Provo, Rev. Wm. F. Bulkley,  
 Holy Spirit, Randlett, Rev. M. J. Hersey,  
 Trinity, Castle Gate, Mr. John Martin,  
 St. Paul's, Duchesne, Mrs. J. R. Lewis,  
 St. Andrew's, Eureka, Miss M. E. Bulkley,  
 All Soul's, Garfield, Mrs. Chas. Rees,  
 St. Barnabus, Helper, Mr. G. C. Condon,  
 Leeton, Mrs. M. B. Peterson.  
 St. Luke's, Park City, Mrs. H. S. Townsend,  
 St. Paul's, Plain City, Mr. Ernest Shipp,  
 Trinity, Roosevelt, Mr. N. A. Nicholson,  
 Advent, Standardville, Mr. John Smith, and  
 St. Elizabeth's, Whiterocks, Miss Rosa Camfield.

On November 21, 1920, the Chairman issued and mailed to each of the above named persons a circular letter consisting of two pages.

The Missionary quota for Utah was fixed at \$9,281.00 and on December 3, 1919, the committee forwarded to each of the Parishes and Missions a second circular letter. Mr. J. B. Scholesfield, a member of the committee, having worked out the proportions for each parish and mission, based on the percentage of the old apportionment, which seemed to be the fairest method at hand, this amount was filled in each letter and notice thereof duly given to each Parish and Mission.

Following are the quotas of each parish and mission:

	Per Cent	Amount
Duchesne .....	.65	\$ 60.33
Fort Duchesne .....	.51	47.33
Logan .....	3.83	355.46
Myton .....	.65	60.33
Ogden .....	14.50	1,345.74
Park City .....	2.19	203.25
Plain City .....	.65	60.33
Provo .....	.97	90.03
Randlett .....	.97	90.03
Roosevelt .....	.65	60.33
St. John's Salt Lake .....	3.17	294.21
St. Mark's, Salt Lake .....	38.32	3,556.48
St. Paul's, Salt Lake .....	25.55	2,371.30
St. Peter's, Salt Lake .....	2.60	241.30
Vernal .....	2.19	203.25
Whiterocks .....	2.60	241.30
	100.00	\$9,281.00

In addition to the above quotas were assigned as follows:

To Standardville .....	.67	\$ 62.18
To Castle Gate .....	.65	60.33
To Eureka .....	2.60	241.30
To Garfield .....	3.17	294.21

This was done in the hope of equalizing what at the time seemed

to be very doubtful quotas such as Vernal, Whiterocks, Plain City, and St. Peter's.

Up to the date of submitting this report the Committee has received final reports only from St. John's, Salt Lake, and Provo.

Provo, through Rev. Wm. F. Bulkley, reports that its quota has been raised and it is the first and only unit to go over the top.

St. John's, Salt Lake, Rev. H. E. Henriques, faithfully followed the plan outlined by the National Committee, and Mr. Henriques reports that in his Mission "the Campaign was a success." The Missions quota for Parish support was fixed at \$400 and for the Missions of the Church \$294.21. Of the former \$350 was raised, being a very substantial increase and of the latter \$150, which sum is over twice as much as was given the previous year.

Rev. Mr. Bulkley very kindly made a trip through the Uintah Country in the interest of the Campaign.

The Chairman made two addresses before Sunday congregations at St. Mark's, which did little, if any, good. Although we were short of speakers in the District, Salt Lake was fortunate to have the privilege of hearing Bishop Hunting of Nevada, Bishop Johnson of Colorado, Rev. H. N. Hyde of Chicago and others, but nevertheless the people generally failed to vitalize the campaign.

In connection herewith is submitted a financial report showing that the sum of \$26.00 was expended by the Committee with the request that the Treasurer of Convocation be authorized to refund the said amount out of any monies in his hands designated for missions of the Church upon which said expenditures were made a prior lien.

Respectfully submitted,

J. WALCOTT THOMPSON,  
Chairman.

In connection with the report of the Nation-Wide Campaign, Mr. Scholefield stated that several sums had been sent to his office to apply on the 1919 Apportionment, but had been received too late. The Chair ruled that they should be shown on his books as 1920 receipts, but when remitting the same to New York he should state that they are to apply on the previous year's business.

Mr. Hersey reported that it was impossible to get an Indian to "put his thumb on a pledge card," but that they all expressed a verbal assent, and he felt justified in stating that his missions would meet their quota.

Bishop Moulton spoke on the necessity of continued work on the part of those places which had not raised the quota assigned to them. The Secretary had wired Bishop Hunting of Nevada, Chairman of the Provincial Committee in charge of the Campaign, asking him to be present and outline "follow-up" work. He replied as follows:

Telegram

Rev. Hoyt E. Henriques, Secretary,  
Salt Lake City, Utah.

Do not think probable results justify expense. Understand original campaign yet to be made in most Utah places. Bishop Moulton

fresh from recent Massachusetts campaign must have his plans for similar campaign and you all with help of pamphlet entitled "Results and Status" can outline follow up plans after campaign.

GEORGE C. HUNTING.

Mr. C. P. Overfield presented the following resolution, which carried:

Whereas, it appears that several of the parishes and missions of the District have failed to undertake an active part in the Nation-Wide Campaign, such parishes and missions representing a large part of the amount asked of this District,

Be it Resolved; That the parishes and missions represented in this Convocation go on record as heartily in favor of the Campaign, and that their representatives pledge themselves to work for the quota assigned to them.

The Secretary then read the report of the Corporation and the District Board of Missions, which will be found in Appendix "C".

The following report of the Board of Religious Education was read by the Secretary of Convocation:

The Board has been inactive since the last Convocation, held in May of 1919. The intervening summer, the coming and passing of the General Convention and the hopeful expectation of new leadership for the District have lured us into marking time. Following this year's meeting of Convocation there should be a revival of activity in Sunday School matters.

Respectfully submitted,  
UTAH BOARD OF RELIGIOUS EDUCATION,  
Edwin T. Lewis, Secretary.

Secretary.

Mr. Bulkley reported verbally that the Social Service Commission had no report to make, having held no meetings during 1919. Mr. McMillin made a plea that this Commission experience a revival as there is much work for it to

undertake. The Bishop stated that he would see that the new Commission had plenty to do.

H. E. HENRIQUES,  
Treasurer.

Dr. Goeltz asked permission to address Convocation in respect to St. Mark's Hospital. He stated that the present plant represents an investement of \$250,000.00, of which half has been given in the form of gifts and the balance from the earnings. In addition to this, the Hospital has given \$125,000.00 in charity work in the past twenty-five years. At it is incorporated as a charity institution the medical and surgical staff give their services for charity work and classes of instruction for the pupil nurses. He thought the charity work was done at the expense of the pupil nurses who are over-worked and under-paid.

Mr. Bulkley suggested a pilgrimage to the graves of deceased Clergy of the District where flowers should be placed and prayers said. He was appointed a Committee of One to arrange the details.

Convocation adjourned at five o'clock to meet at ten tomorrow, Thursday, May 20.

Thursday, May 20th.

Holy Communion was celebrated in the Chapel of the Cathedral, by Bishop Moulton, at half-past seven.

Convocation was called to order at ten o'clock. The roll was called and minutes of the yesterday sessions read and approved.

The Secretary read a letter from the Morehouse Publishing Company in regard to an unpaid bill of \$1.35 due them from a defunct Sunday School. It was ordered paid from the undesignated funds of Convocation.

Mr. Hyslop moved that the courtesies of the floor be extended to the Rev. Clarence Thwing, a priest of the Diocese of Olympia, temporarily residing in Salt Lake.

The Secretary read a letter from the Commission on the Ministry in regard to the establishment of Provincial Boards of Examining Chaplains. It was referred to the Delegates to the Provincial Synod for action.

An official communication from the Secretary of the House of Deputies in regard to proposed changes in the Constitution of the Church and of the Prayer Book was read. That part of it referring to changes in the Prayer Book was referred to a special Committee on the Prayer Book, to be appointed at a later session.

The Secretary read his report of business transacted during the past year, emphasizing the necessity of prompt return of annual reports that figures showing the State of the Church may be reported to Convocation. This year the largest reports were handed in after Convocation opened its sessions. The Bishop asked all present to bear this in mind and be prompt.

The Missionary to the Indians, Rev. M. J. Hersey, reported verbally of his work. He spoke of the sending of Indians to South Dakota to receive training in the methods used so successfully in that Diocese. The continued use of peyote is still a matter of regret. This "dry whiskey" is run in from Wyoming, which does not prohibit the traffic as do Colorado, Utah and Nevada.

Miss Napper presented the report of the Girl's Friendly Society, which is to be found in a separate section of this Journal.

The Bishop read a letter from the office of the State Historian, asking for data regarding the part this Church played in the war. He suggested that all parishes and missions report immediately all such data to him, so that it might be included in the Journal.

The Finance Committee presented the following report, which was duly carried:

The Finance Committee recommends that the funds of Convocation shown by the Treasurer's report be held in trust as shown by the report, except as follows:

That the sum of \$2.23 be paid from the undesignated funds to pay the expenses of the Pension Fund for 1919 and 1920.

That the sum of \$2.75 be paid to the Rev. E. T. Lewis from the amount payable to the Utah Board of Religious Education to meet the deficit due him.

That the sum of \$1.35 be paid to the Morehouse Publishing Company as due them from the Emery Sunday School.

That the balance of \$126.83 shown as due the General Clergy Relief Fund be added the undesignated balances and that such balances be held to meet a possible deficit in Convocation expenses.

The Committee recommends that the Apportionment be suspended for the year 1920 and that the Nation-Wide Campaign quota be adopted in lieu thereof. The Committee further recommends that the 1919 assessment for Convocation expenses be doubled for 1920 so as to provide Convocation expenses and the following amounts:

For Episcopal Endowment Fund .....	\$150.00
For Synodical Expense .....	25.00
For Utah Board of Religious Education .....	20.00
For Utah Social Service Commission .....	20.00

That no provision be made for Utah Missions as in former years as ample provision for that purpose should be made from the Nation-Wide Campaign.

That the Treasurer of Convocation be authorized to write off the loan of \$25.00 to the Episcopal Church News.

That the Treasurer of Convocation be authorized to pay the expenses of the District Committee of the Nation-Wide Campaign in the sum of \$26.00, same to be charged against the District quota.

That the Treasurer of Convocation act as Treasurer of the Nation-Wide Campaign Fund and that all parishes and missions send their quotas to him.

J. WALCOTT THOMPSON,  
J. B. SCHOLEFIELD,  
W. F. BULKLEY.

The Rev. J. W. Hyslop of the Church of the Good Shepherd, Ogden, invited Convocation to meet with them on May 11-12, 1921. On motion of Mr. Thompson this invitation was accepted with the thanks of Convocation.

The Bishop asked representatives of out-lying missions to speak informally of the work being done. Mr. Champ reported that the books of the mission were in his care, during such time as they would be without pastoral care. He also stated that St. John's, Logan, would raise in full their quota to the Nation-Wide Campaign, and in closing asked that someone in Logan might be appointed a Layreader to hold necessary services. Mr. Nicholson of Roosevelt stated that in spite of a hard winter and backward spring he expected to be able to remit the Campaign quota in full. The Sunday School continues to have a splendid attendance, and prayed that they might have a clergyman to look after them. The Bishop said that he had just received a telegram from a divinity student stating that he could spend the summer in Utah, and he would be assigned to Roosevelt.

Dean Fleetwood presented the report of the Committee on the Bishop's Address:

It is with profound satisfaction that we receive the apostolic greeting of him who comes to us as our Bishop, and with gratitude to the House of Bishops for the keen appreciation of our needs and of the opportunities for service, manifest in sending one of the strong men of the Church to be our leader and shepherd. We hope that our response may be a lively and active appreciation of our responsibility in aiding him in the infinite field of service which the whole Church has before her, especially in this plastic state of new civilization where "there is work of surpassing interest and influence" as the great bishop who preached the sermon at this consecration has so well said.

The only suggestion in the address that seems to require particular attention at this time is that of re-establishing a Church paper in Utah. Action to that end should certainly be taken. Nothing can be added to what the Bishop says about its necessity.

WM. W. FLEETWOOD,  
M. L. RITCHIE,  
JOHN W. HYSLOP.

The Committee on the Episcopal Church News, appointed at the last Convocation, had no formal report to make. Mr. Bulkley suggested that a paper be published filled with theological essays for circulation among non-Church people. Mr. Thompson and others suggested a newsy paper. Judge Ritchie moved that a committee of three, the Bishop to act as chairman, be appointed to consider the subject with power to act. Carried.

For the past two or three years the Social Service Commission has been inactive. Messrs. Bulkley, McMillin and Ritchie spoke for and against the advisability of continuing such a Commission. Judge Ritchie moved that no Commission be elected at this time, but on being informed that it was a Canonical necessity he withdrew his motion. Bishop Moulton

stated that when such a Commission was organized he would see that it was kept busy.

Convocation adjourned at half-past twelve to meet at two o'clock.

#### Afternoon Session.

The report of the Emery House was read by Mr. R. C. Reese. Mr. Scholefield explained the financial exhibit. As certain of the monies of the Emery House, before the present Manager took charge, had been kept in the defunct Merchants Bank, entailing a heavy loss through its failure, Mr. Scholefield moved that all institutions of the District deposit monies only upon the recommendation of the Corporation. Carried.

Miss Buckner presented the report of Rowland Hall.

The Committee on the State of the Church had no report to make as the Secretary was unable to tabulate the reports many of which had been received on the opening day of Convocation.

The Committee on the Canons reported that they had no changes to suggest.

Mr. Scholefield asked that the Finance Committee be continued beyond the sessions, with the addition of the Secretary, to compile new report forms for use in the District.

Mr. Hersey moved that the thanks of this Convocation be conveyed to the women of St. Mark's Cathedral for the bountiful luncheons provided. Carried.

Mr. Bulkley presented the following report for the Committee on Institutions:

We have examined the reports turned over to us, we have listened carefully to the discussions concerning them and beg to make the following report based both on the reports and knowledge of the institutions.

Rowland Hall. We wish to recommend the painstaking, thorough work of the principal and teachers for their efforts to make the present year the equal in efficiency and thoroughness of those years in the past, for their consistent attempt to uphold the record of the school and make it still, what it so long has been, the school for the inter-mountain region.

We wish to again recommend that there be a common purchasing agent for the supplies used by the Hall and the other two institutions. We would like to see, further, a sufficient fund for scholarships raised, so that though a fairly high tuition must be charged because of the greatly increased cost of supplies as well as salaries, it still could be what it ought to be, the school where the ranchers and farmers and people in the outlying districts, where the schools are of necessity inferior to those of the cities, might be able to send their girls to gain not only the training along intellectual lines, but also gain that

strength and power which comes from right environment and social training. We know that the minor faults that appear will soon disappear under the long needed, long missed supervision of the Bishop.

Emery House. All that we have said in commendation of Rowland Hall can be said over again concerning the Emery House. It fills a real need in the life of the state and by administering to the needs of many of the young men attending the University helps to develop real Christian manhood. By the consistent and faithful work of those in charge the Emery House has at length brought the authorities of the University to see and realize the needs it was built to fill, and also to realize it is really accomplishing its purpose. During its history the feeling regarding it on the part of the University has gradually changed from distrust and suspicion into sympathy and loyalty.

We feel that there should be a Board of Trustees with power and authority, under leadership of the Bishop, to direct all policies and control all expenditures, and we so recommend.

St. Mark's Hospital. Too much cannot be said about this institution. We feel that the very remarkable past has been ably continued. The faithful and consecrated service of the nurses and staff has been the means of continuing our reputation as the most efficient and effective hospital in the inter-mountain region.

The manager and head nurse, Mrs. Crossland, has at this difficult period in St. Mark's history ably and self-sacrificingly met the demands upon her. With inadequate help and lack of facilities she has carried the work through the past year so well that the hospital, even with unusual demands for repairs and improvements, has improved slightly in financial status.

Dr. Bascom, as Medical Director, has but continued during the past year that practice of love and loyalty which has had so much to do with making St. Mark's what it is. Continually since the death of Bishop Spalding, about six years ago, he has met the needs and fulfilled the demands laid upon him. In fact Dr. Bascom has been so much to St. Mark's Hospital that we might almost say that all that is good and ideal, all that is efficient and effective in St. Mark's comes from and rests upon him rather than upon our Church. We cannot thank, it is beyond our power adequately to do so, Dr. Bascom for his work and service, but we can and do congratulate ourselves and our Hospital upon the fact that God has seen fit to bless us with his presence and help.

We hope that the Bishop will be able to fulfill Dr. Bascom's hopes and high dream by obtaining the funds necessary for the making of St. Mark's Hospital plant fully adequate according to the best medical standards of the age. We feel that there should be a new plant on a new site and earnestly request the Bishop to do all in his power to render it possible for St. Mark's to continue its history as the best of hospitals.

We hope that the Hospital will be able to secure sufficient help to relieve the nurses of much of the necessary household drudgery and thus free them for the more technical duties of their profession. We recommend further that the Clergy and workers spare no efforts to send young women to the Training School that it may be fully carried on and its past high standard be the foundation for a brighter future.

St. Mark's Hospital in the long years of its history has been the most effective means we have had in preparing the way for the work of the Church in this region, for the thousands it has ministered to never forget the Hospital and ever have somewhat of sympathy for the Church that has made St. Mark's possible.

W. F. BULKLEY,  
FRANCIS A. GOELTZ.

All reports of institutions and committees having been rendered, the Bishop declared the next order of business to be election and appointment of the various officers and boards.

As Treasurer of Convocation, Mr. J. B. Scholefield was re-elected by acclamation. The Bishop nominated Miss Sara Napper as Registrar and Hon. Morris L. Ritchie as Chancellor for the ensuing three years. The house confirmed both nominations. The terms of Dean Fleetwood and Mr. C. E. Raybould, as Clerical and Lay members of the Corporation, having expired, both were re-elected for the ensuing three years.

Dean Fleetwood and the Rev. J. W. Hyslop, as Clerical members, and Messrs. G. M. Marshall and Causten Browne, as Lay members, of the District Board of Missions, were nominated and elected. The following were nominated and elected as the Utah Board of Religious Education: Mrs. B. C. Williams, A. B. Purton, Charles Rees, the Rev. W. F. Bulkley, the Rev. H. E. Henriques, and the Rev. J. W. Hyslop. The following were elected to serve as the Social Service Commission: Rev. Messrs. W. W. Reese, W. F. Bulkley and J. W. Hyslop, and Messrs. F. M. Wichman, H. A. McMillin and R. E. Wight.

The election of Delegates to the Provincial Synod was delegated to the Bishop with power to appoint at any time prior to its meeting.

As a special Committee on Prayer Book Revision, the Bishop appointed Judge Ritchie, Rev. Messrs. Fleetwood, Bulkley and Henriques, with instructions to report on the suggested changes to the next Convocation.

The Bishop re-appointed the old Council of Advice, substituting the name of the Rev. J. W. Hyslop for that of Mr. Dennis, removed from the District. He also reappointed the Examining Chaplains. For a Trial Court the Bishop appointed the Rev. Messrs. Hersey, Hyslop and Henriques. As Lay member of the District Pension Fund Committee, the Bishop appointed Mr. C. P. Overfield.

The special Committee for a Church Paper was appointed as follows: The Bishop, chairman, G. M. Marshall, J. Walcott Thompson and Dean Fleetwood.

As an Advisory Board for the Emery House, the Bishop appointed F. M. Wichman, George M. Bacon and Dr. Edward LeCompte, who have been serving as a voluntary Board for the year past.

There being no further business, it was moved that Convocation adjourn sine die.

HOYT E. HENRIQUES,

Secretary.

ARTHUR W. MOULTON,

Bishop of Utah.

### BISHOP'S ADDRESS

My Brethren, Grace be unto you and peace from God our Father and from the Lord Jesus Christ.

Beginnings are always significant, whether a man is starting out for California, or taking up his first mile, or entering into a new partnership, or commencing a portrait, or beginning an Episcopate. Starting points possess potency and principle. It is of the nature of the case, with this commonplace thought in mind, that your Bishop addresses you for the first time, and in speaking to you, speaks, he trusts, to every man, woman and child of the Church in Utah. I count it the highest and most sacred privilege to serve you as your Bishop and I pledge to you the best I have.

The fifth Bishop of Utah was consecrated in Grace Church, Lawrence, Mass., on the morning of April 29, 1920, by the first Bishop of Utah, the Rt. Rev. Daniel S. Tuttle, D. D., Presiding Bishop of the Church. It was a thrilling service. It gripped the whole community. But what I liked most was that it brought together Utah and Massachusetts. For months the Church in Utah has been constantly in the mind of a little group of people in the old Bay State. Just now I venture to say, the State of Utah is better known in certain sections of Massachusetts than in any other state of the Union. And the consecration service brought this all out vividly. People began to realize that Utah was a great commonwealth and that the Church in Utah was an important force.

There is something in those impressions, is there not? There is weight in them, to convince me that you and I are engaged in the most significant work in the country. I do not want that feeling to die out, and I am eager to keep that impression in the mind of the people of the country, East and West.

I come, therefore, to a few suggestions, reminding you that it is all new to me, but that the whole field is white with the promise of harvest.

I assume that the recommendations of the Acting Bishop of Utah, in his address of 1919, have been carried out, for example, the appoint of a purchasing agent for all of the institutions; the appointing of an advisory committee for Rowland Hall and one for the Emery House, and so forth.

There is little that I can say about our institutions, except that they impress me as being strong examples of real power. Everybody knows what a great hospital St. Mark's is, and how wonderfully it is doing its Christian work under its faithful leaders. There is an immediate and pressing need of nurses there, and in these days when so many young women are becoming nurses it ought not to be difficult for us in this state to send some of our friends to St. Mark's.

From widely different quarters I have heard of Rowland Hall. Some have said that it is the best school for girls in the West. Is there, I wonder, an Alumnae Association of Rowland Hall? If not, there is no better method of engaging support and disseminating information than by such means. There must be a large body of graduates all over the West.

Emery House is most interesting. It is forceful and impelling. Let us at once form an advisory board which shall concern itself with this attractive work. When the speaker was here last November the Dean of the Woman's Faculty of the University said, "The first thing you ought to do is to erect a house for the young women of the University which shall do for them what the Emery House does for the young men."

These institutions reflect credit upon the Church and ought to make everyone proud to be associated with them. And I feel like saying the same thing about the parishes and missions of the District, in so far as I know them. I have seen the churches of this city, at Ogden, Provo and Garfield, and I am glad to share from now on in their labors and their companionship. I have been forcibly struck with the power of our men in their respective communities. How important

this is. We must have more men like them. Give us more good men for our ministry and priesthood here, and there will be no question as to the future of the Church in Utah.

The work of the faithful women in the outlying and lonely fields is an inspiring example of courage and devotion to the Savior and our debt to them is growing larger and larger.

It is my intention to record in the annual address to convocation, the names of faithful Churchmen and Churchwomen of this Missionary District, who, during the Convocation year, have entered in Life Eternal. I mention two at this Convocation: Mr. A. H. Peabody, for over twenty years the faithful and talented organist of St. Mark's Cathedral, a man of high Christian character and devotion; Mrs. Mary Mc Grath, sometime President of the Woman's Auxiliary, whose sainthood is the natural portion of Christian labor and patience. Grant unto them Lord Eternal, rest and let light perpetual shine upon them.

This brings me to the matter of publicity. The things we are doing are not known. I found a bunch of letters waiting me here. The first one said this: "We do not know anything about the Church in Utah." It must be made impossible for anyone to say that. Publicity is a great force. We must get before the Church public, every Diocese in this American Church must be furnished an opportunity to know what we are doing. The columns of the Church press are always open to us and there should be a regular correspondent. People are interested in Utah. I note that Bishop Touret urged a Church paper for the District, and I thoroughly believe that is right. This paper should be put into the hands of every communicant in the District. It should be sent to friends and contributors in the East. There is nothing new in this. You have had a Church paper before. I urge its restoration at once. It will pay for itself.

I do not know the status of the Nation-Wide Campaign in this jurisdiction. In November it seemed to be getting a good start. If you carried it through with any degree of success under the circumstances, you did wonders, and the whole Church is grateful if you did reach your quota. The

educative force of the campaign is great and its reactions upon us should be inestimable. I know the cheer which will go up when the Church in other parts of our country hears that Utah has come to the front. Our quota is \$9000.00, or thereabouts, and the Church needs that \$9000.00 just as much as she needs \$100,000 from some other diocese out yonder. And we need it. Give it.

This is all I have to say, and it is not much of an address. We have problems here, as we have everywhere, and I shall study them with you. I want you to tell the people of the District that the Bishop is their friend and that he longs to be a welcome guest in their homes. I expect to know everybody by the first, middle and last names. I have heard much about the difficulties of the field, but difficulties are not hard when there is cooperation and team-play. Let people, priests and Bishop labor together in unity. We turn over a new page. It would not be a bad idea if every parish and mission purchased a new and uniform parish register, and turned to a new page literally. Let us bury all hatchets, let us have no rankling quarrels, let us out here in Utah make the great experiment of the application of Christianity.

On April 29, 1920, I was consecrated your Bishop. But, my friends, there was more than one consecrated then, every one of you was consecrated anew to the work of Christ in His vineyard. Consecrated together, then dear friends, we go forward to serve a great people in the name of the greatest of lives.

## ST. MARK'S HOSPITAL

Salt Lake City, Utah.  
Jan. 27, 1920.

President and Board of Directors,  
St. Mark's Hospital,  
Salt Lake City, Utah.

Gentlemen:—

I submit the following as my report for the year 1919 just closed:

### FINANCIAL STATEMENT

On December 31, 1918, the financial status of the hospital was as follows:

Mortgage Indebtedness .....	\$30,000.00
Current Bills Unpaid, including December Pay Roll.....	7,581.36
Charity Ass'n. Credit .....	386.50
	<hr/>
	\$37,967.86
Less cash on hand .....	5,694.23

Total Indebtedness Dec. 31, 1918 .....	\$32,273.63
Accounts Receivable Dec. 31, 1918 .....	18,965.49

Our statements of Receipts and Disbursements for the year 1919 as shown by the accompanying reports in detail as follows:

Current Receipts and Collections 1919 .....	\$123,901.76
Hospital Expenditures 1919 .....	122,269.82
	<hr/>
Credit Bal. Dec. 31, 1919 .....	\$ 1,631.94

Liabilities—

Mortgage Indebtedness .....	\$30,000.00
Unpaid Bills December 31, 1919, including Dec. Pay R. ....	6,569.07

	<hr/>
	\$36,569.07
Less Cash on Hand .....	7,221.31

	<hr/>
	\$29,347.76
Reduction of Indebtedness as Compared with Decem- ber 31, 1918 .....	32,273.63
Reduction of Indebtedness as Compared with Decem- ber 31, 1919 .....	29,347.76

	<hr/>
Total Reduction for 1919 .....	\$ 2,925.87
Accounts Receivable December 31, 1919 .....	\$16,857.39

An analysis of Earnings and Expenditures indicates that our real gain from operations of the year amounts to \$619.80, and the balance is accounted for in the reduction of Accounts Receivable, part of which was charged to Charity.

By referring to the attached statement of Accounts Receivable, I am pleased to note that the doubtful items will not exceed \$5,000 (largely prior to 1918.)

### General Hospital Operations.

The number of cases treated during 1919 was 2,752, medical 910, surgical 1608, obstetrics 234, about 200 less than the previous year. This is partly due to the fact that we were compelled to close one of our wards from lack of nurses, and also a less number of contract cases. Young women have apparently found other occupations more remunerative and not willing to enter training schools and devote the time necessary for efficient training. They perhaps fail to appreciate the educational advantages of a three-year course, neither do they sufficiently consider the practical value of a nurse's training, for home or profession, as compared with a clerkship or stenographic service. The direct emolument of the latter appeals to them more strongly and applications for training schools are not forthcoming. At present this greatly embarrasses hospital work and if continued will be one of our most serious problems.

During 1918 our fire losses compelled us to use every dollar we could earn, after meeting our current obligations, in replacing equipment not provided for by donations and insurance. This prevented us from making many improvements and repairs greatly needed. It will be seen from the statement of expenditures that about \$5000 have been used for improvements and repairs in 1919 and both the hospital building and the nurse's home have been greatly improved and a number of rooms refurnished. The roofs have been repainted and repaired at a cost approximating \$900, and various changes have been made, as reported by the Superintendent, Mrs. Grossland, which adds greatly, both to the efficiency of the work and attractions of accommodations. The old buildings will constantly need attention and such repairs become very expensive, but we begin the new year with the hospital in good physical condition. During the past year, we have been compelled to increase salaries in all departments and still further increases must be made to retain competent help.

In my report to you during Bishop Moulton's visit, I endeavored to outline the absolute necessity of a new fire-proof building and probable change of location for St. Mark's Hospital. Loyalty of our Staff Physicians and nurses is absolutely essential to our future development and conditions which many have been tolerated in the past will not now allow of reasonable competition with other institutions of our city, where extensive and expensive improvements have been made both in buildings and equipment at an early date and will require the earnest co-operation of all friends of this hospital.

Under the able supervision of our Superintendent, Mrs. Grossland, the internal affairs of the institution have continued to improve. More efficient helpers in all the departments have been secured and the public seems to have recognized and commended our efforts.

I submit herewith an auditor's report by Mr. J. A. Slaughter covering a period from July 1st, 1918, to December 31st, 1919, which completes our audit to date.

Expressing our constant and continued obligations to the Medical Staff for their unselfish service and support, I recommend for your approval the list of Staff appointments attached, including Interns. This list includes all Staff changes for 1919 and subsequent thereto prior to this meeting.

The usual reports of Earnings and Expenditures, Voucher Record and trial balance are submitted herewith.

Yours very truly,

ST. MARK'S HOSPITAL.

F. S. BASCOM,

Medical Director.

President and Board of Trustees,  
St. Mark's Hospital, City.  
Gentlemen:

At this special meeting, largely for the information of Bishop-elect, Dr. Moulton, I wish to take a few moments of your time to answer a question which was asked me and which may have been presented to other members of the Board, "Should St. Mark's Hospital be perpetuated and rebuilt or has it served its usefulness in this community?"

In Salt Lake City we have three general hospitals, which serve as medical centers for this and neighboring states—L. D. S. Hospital (Mormon), Holy Cross Hospital (Catholic), and St. Mark's, the property title of which is vested in the Episcopal Bishop of Utah, but which more broadly represents the various Protestant denominations of the State and has been called non-sectarian.

Founded in 1872 by Bishop Tuttle, particularly to provide for the medical and surgical care of miners, St. Mark's was the pioneer hospital in this intermountain region, and has always been most helpful to miners, ranchers and others living in Utah, Nevada, Southern Idaho and Western Colorado.

In 1892 the main building of the present structure was erected under the direction of Bishop Leonard and later large units were added so that our present capacity is 150 beds and the hospital is at various seasons filled by patients to its limit.

In 1894 the first training school for nurses in Utah was established. Our nurses receive a three years' course of instruction of standard grade, and have always compared favorably with graduates of the best institutions. The average number of nurses in training will approximate 45 and during the war many graduate nurses from St. Mark's joined the Nursing Corps of the U. S. Army and went to the front. We also furnished our Army with 20 physicians from our medical staff, all having had their efficiency augmented by their training and experience in this institution.

From an educational standpoint alone, in the professional equipment and training of young women for nursing, St. Mark's Hospital could justly claim great credit and usefulness, perhaps enough to largely justify its existence, but this is only one department. We are organized and incorporated as a Charity hospital. No salaries are paid to any member of the medical staff or to others than necessary hospital employes, and our charity work annually amounts to not less than five thousand dollars. This charity or helpfulness is of the best type—maternity cases, injuries or illness of men or

women, who are not improvident, but unfortunate, who do not ask charity, but help until they are able to work; patients who are willing to pay all they have and many who are willing to pay all they can in the future—true charity to those who are temporarily unable to help themselves. Much of our financial support comes from mining and railroad corporations, and these companies have been most liberal in allowing the hospital the best current rates for the care of their employees. This support is invaluable to an institution which must largely pay its own way, and as an evidence of our successful operation during past years, I can assure you that aside from building this hospital (except for a mortgage indebtedness of \$30,000 on a plant which has cost more than \$200,000) we can claim to have given more thousands measured in dollars in charity work during the past twenty-five years, than has been received from our charity organizations, donations or collections of any and every character. This is not the usual history of a hospital of this type and we are proud of its record.

It seems to those familiar with our work that at no time in its history has St. Mark's Hospital exerted a wider influence or been more needed than now. We have always been able to meet current expense from our earnings, which approximate \$120,000 per annum and also to do some charity work, but for extensive improvements, reconstruction or broad charities money must come from other sources and we should have permanent endowments. Work of this character should not be embarrassed by lack of funds.

This is our answer to the question quoted:

We must be mindful, however, that past history is not sufficient and if we are to maintain an enviable record and retain the loyalty and support of our staff, we must continue progress and development to meet modern requirements. This means a better located and a fire-proof building with up-to-date equipment. A perfectly possible ambition, if we all do our part to arouse public interest and work unitedly to that end.

Very truly yours,

F. S. BASCOM,  
Medical Director.

## REPORT OF SUPERINTENDENT OF HOSPITAL AND TRAINING SCHOOL FOR NURSES

To the Board of Directors:

Gentlemen:—

I herewith submit the annual report of the Hospital and Training School for Nurses, for the year 1919.

### Hospital

The Financial Report has been presented to you by Dr. F. S. Bascom, Medical Director. In the Hospital many changes and improvements have been made, which were limited only by lack of money. In the past two years, all of the rooms, halls and corridors, except kitchen and some adjoining store rooms have been painted once and many have been done twice. Porches have been painted, also the fence around entire grounds. A new dining room for special and employed graduate nurses has been made from the old Surgical store room, the serving room changed, new sinks, hopper, etc., and an addition made to steam table, and linoleum has been laid in serving room and three dining rooms. We now have our meals for officers and nurses served cafeteria style, which has proven very satisfactory in many ways, especially so in the matter of waste, which is very much less, and the food is hotter. It also requires less help to operate. A new gas stove, and a steam table has been installed in the Diet Kitchen, and all food for trays for the four private floors, as well as special diets for wards, is cooked and served from there, making our patients much better satisfied.

The question of help is a serious problem, both financially and otherwise, as it is almost impossible in most departments to get help to do what is necessary should be done, and in consequence we are unable to keep the Hospital in as cleanly a condition as it should be. New lights have been installed in "H" and "I" corridors, and new sinks in chart rooms. Room one on "H" is now our Woman's Ward, which has been put in good condition by painting, and new lights and new tables and chairs have been purchased. We needed the former Woman's ward for men, and it is now occupied by U. S. Public Health Patients. New floors of Diate have been laid in cross corridor of basement, store room corridor, vestibule and steps at front door, and corner of kitchen, at a cost of \$491.91.

The increased cost of foodstuffs and Medical and Surgical supplies, has been partly met by increasing the cost of rooms, ward beds, etc., and by charging extra for some, but not all medicines, which is done in both the other local Hospitals,

but may have to do so, if the price of surgical supplies goes any higher. The replacement of linen supplies has been a very expensive item, as you will see in the Financial Report, and many articles really needed in all departments have been prohibitive on account of high cost.

Collections have been better, due mainly to the efficiency of our Bookkeeper, Miss Welshans.

Our thanks are due Mrs. Union Worthington and others of the Staff Doctors' wives and their friends, for coming weekly to the Hospital for some months, to make surgical dressings, and for sewing done by them, and to Mr. H. D. Bowman and Mr. O. W. Ott for inspection of, and advice regarding Power Plant.

I wish to express my appreciation of the support given to me in my work by Dr. Bascom, and of his many kindnesses to me, and also of the loyalty and help of those of the office force who have been with us during the whole year.

 Mrs. S. H. Pinkerton—1 pair velour curtains.  
 L. & A. Cohn—2 pair portieres for nurses' home.

### TRAINING SCHOOL.

Applications for admission to the Training School have been few and far between, and in consequence our School Roll numbers only thirty-three instead of the number we can accommodate and need, fifty-one, making it very difficult to care for our patients and to have lecture and class work as scheduled. On account of the shortage we were compelled to close Ward "G," thus cutting off the use of twenty-three beds and to engage three extra graduates to help on wards and in the operating room of whom one is still here. During the year only six probationers were admitted, and two nurses, who had discontinued training on account of ill health, returned, making eight in all, and nine pupils left for various reasons.

The graduating exercises for the class of 1919 were held in St. Mark's Cathedral May 13th. Diplomas were conferred by Right Reverend Frank Hale Touret, D. D., Bishop of Western Colorado and Acting Bishop of Utah, on:

Nelle Pearl Worthington  
 Laura Sarah Lundquist  
 Margaret May Latterner  
 Lillian May Tucker  
 Clara Charlotte Kleist  
 Emma Balderston

Ruth Neeley  
 Neta Belle Lemmon  
 Alice Elizabeth Reay  
 Amy Irene Braun  
 May June Fox  
 Rosalia Jorgensen  
 Mary Marcelle Hummel  
 Rena Lucille Manuel

The address to the class was given by Dr. T. C. Gibson of the Medical Staff. After the exercises a reception was given to the graduating class and their friends, for which refreshments were provided by the wives of the Staff Doctors.

January 1st, Miss Frances De Muth, graduate of Protestant Episcopal Hospital, Philadelphia, Pa., assumed the duties of instructor of nurses, remained until May 20th. The vacancy was filled November 5th by Miss Annie E. Grass, a graduate of Bellevue Hospital, New York City.

March 1st, Miss Jennie Tinklepaugh commenced her work as Dietitian, which position had been vacant for five months. September 1st, Miss Nellie Colvin came as Assistant Dietitian and Miss Tinklepaugh assumed the duties of Dietitian-Housekeeper. At present the position of Assistant Dietitian is vacant, as Miss Colvin remained only two months.

Miss Laura Lundquist, class of 1919, resigned April 2nd as Night Supervisor and was succeeded by Miss M. A. Pland, class of 1918, who remained until September 1st, and Miss Carrie Roberts, class of 1911, took the position, remaining until December 15th. Miss Mary Sauerbier, class of 1911, is our present Night Supervisor.

July 2nd, Mrs. Maude Morse, class of 1905, Second Assistant, resigned after nine months' service, much to our regret, and for nearly two months the position was not filled except temporarily, but we were fortunate in securing Miss Lydia J. Baird, who had been here for four and a half years previous to the war. August 29th she returned to take up her old work.

August 20th, Miss M. Nettie Gable, Assistant Superintendent, left us after seventeen months of efficient service to take up Public Health work at her home town. November 7th Miss Elizabeth Hanson, graduate of Protestant Episcopal Hospital of Philadelphia, Pa., who had been serving abroad with the British Red Cross, assumed the duties of Assistant Superintendent.

The Nurses' Home has been greatly improved by a class room and a reading room for pupil nurses, for which some new furniture was gotten. These rooms had been formerly nurses' dormitories, which we did not need for that purpose at pres-

ent. A demonstration room for teaching practical nursing has been made in large basement room, by putting up a partition. As yet it is not properly equipped, but we hope to be able to do it in the near future.

The reception room has had new rugs and several pieces of new furniture added, and all of the rooms on first floor and nearly all on second floor have been painted in 1919. This year we hope to be able to paint the remainder of the building and to refurnish some of the rooms which need it badly. An inlaid linoleum has been put down in vestibule and hall. We now have a matron in charge of home—Mrs. C. P. Overfield kindly sent us a donation of \$50.00 and Mrs. Benner X. Smith one of \$25.00, which we much appreciated, and which helped to buy the new furniture for the home.

The Staff Doctors very kindly gave to the pupil nurses for Christmas \$70.00, most of which was spent in taking the nurses to the Orpheum as they wished.

Last year on account of the "Flu" we were not able to have more than half the lectures and classes required, as the Doctors on account of added work were not able to give all their lectures scheduled. The nurses were ill and we only had an instructor five months of the year, which has made it much harder this year for Lecturers, Instructor and Nurses.

We appreciate the care given our sick nurses by the Staff Doctors, and also take this opportunity of expressing our thanks to them for lectures given to the Training School.

Respectfully Submitted,

N. F. W. CROSSLAND,

Superintendent.

## THE EMERY HOUSE

I wish to make the following report as Manager of Emory House for the year ending December 31st, 1919.

I assume charge June 10th. The house was opened to summer students of the University for board and rooms with a few down town men. They numbered 18. It was the first summer that effort was made to furnish meals. It was not altogether a success. Many of the men were married and returned to their homes week ends. We made no profit on the venture.

In September we opened to the full year students and had forty-three, 50% more than the house had formerly accommodated. More than 250 men were turned away as the rooms were all engaged before the University opened. About 10 of these men were service men stationed at University. We increased the board from \$32 to \$36 per month. This number was maintained until February 1st, at which time the rate of room and board was increased after a month's notice to \$40. Over night 22 men left on strike against the increase. Within a few weeks the house was refilled at the higher rate. But the number in each room was limited to two.

The progressive rise in prices have been a cause of much anxiety. We were sorry to be compelled to have the rate of board meet this rise. The uncertainty and instability of food prices for the future prevent us from laying out a fixed program for the next season's operation. We believe it best not to open the house for table board during the summer, but for roomers only.

During the year we have added to the equipment of the house to take care of the increased number at a cost of \$1150.00. The corner property through efforts of Bishop Touret and friends of the house has been purchased. Several rooms in basement which were of little use have been remodelled to room the help.

Provisions in the future should be made to heat the swimming pool by the installation of a new boiler, the old one having been burned out several years ago. Or else that space

should be readapted to some greater use. As the social and dining capacity of the house is greater than the rooming facilities, some plan should be developed for increasing the number of rooms. A slight increase could be made by building when prices allow, a house for the manager on the north-east corner of the lot. Such outlay of money would be returned in three years by the rental of rooms now used for manager. But of most importance is the need of tentative plans to be drawn for a dormitory which will house 50 to 60 men.

A more effective religious program which can be brought only by the joint efforts of the clergy and consecrated laymen is needed. The men while religious are not of a spiritual nature on account of their previous place and experience in life. The effort has been made to lead men to attendance at some down town church, especially our own. They do need the impression which comes through a devotional service. For next year I would suggest that a series of evening addresses in the chapel be given by the laymen and clergy, which will be direct and upon some practical part of their life and experience.

Mr. F. H. Wichman, Mr. George M. Bacon and Dr. E. D. Le Compt have acted as a voluntary advisory board and have shown a deep interest in the boys and the welfare of the house, and I would suggest that they be officially recognized as such. Through their aid and interest a helpful program for the increased religious life of the house can be arranged.

Respectfully,

R. C. REESE.

## APPENDIX "D"

### REPORT OF THE GIRLS' FRIENDLY SOCIETY

The last report of the Girls' Friendly was for eight months only, from May to December, 1919. For the future it will be like the Church reports from January to December. The numbers then reported were: Working Associates 20, Honorary Associates 12, Members 78, Probationers 19, Candidates 40, Branch Helpers 4—173. We have since then a Class of 26 Probationers and Candidates at St. Paul's, and a Candidate Class at St. Peter's. Our work for Missions is in Lent, which was not included in the eight months. Gifts for Missions \$5.00, for Social Service \$60.93, Parochial purposes \$26.00. For the first time we sent a delegate to the meeting of the Central Council at Cleveland—Mrs. W. W. Reese, now our Diocesan President, and she returned full of enthusiasm for the work, and plans for greater service.

The Holiday House at Brighton was again a happy home for tired workers, and two hundred and ninety-nine guests were entertained. Enlargements and improvements are to be made this year.

A survey made by Miss Marsh, National Field Worker of the Society, in which she visited business firms, telephone and laundry offices, and the Dean of Women at the University, showed that nearly a thousand girls and young women live in the city away from home, and the Y. W. C. A. can only care for forty or fifty of these.

The need for a Girls' Friend Lodge in the city was thus made evident, and the Council and Branches are planning for one in the near future, and ask for the advice and co-operation of the Bishop.

SARA NAPPER,  
Dioc. G. F. S. Sec.

### THE WOMAN'S AUXILLIARY

President.....	Mrs. W. W. Fleetwood
Vice Presidents.....	Presidents of the various Branches
Recording Secretary.....	Mrs. C. Jones
Corresponding Secretary .....	Mrs. H. E. Henriques
1595 South 9th East Street, Salt Lake City.	
Educational Secretary .....	Mrs. J. L. Bywater
Treasurer .....	Mrs. E. P. LeCompte
Custodian of the U. T. O.,.....	Mrs. C. D. Moore

The annual meeting was held in St. Mark's Cathedral, January 28, 1920, the President, Mrs. W. W. Reese in the chair.

The Treasurer's report showed that \$100.00 had been sent to the Woman's Hospital at Wuchang, leaving a balance of \$5.00.

The United Offering report showed that the women of Utah had raised \$150.00 in 1910, \$550.14 in 1913, \$559.42 in 1916 and \$575.00 in 1919.

The Committee on Constitution and By-Laws reported, submitting proposed changes, which were adopted, and copies will be mailed to each branch.

Miss Napper read a paper on the new name of the society and Mrs. Henriques on the new relation of the Junior Auxilliary to the parent body.

### THE APPORTIONMENT

The Nation-Wide Campaign has assumed many of the items hitherto met by the Apportionment. It is therefore unnecessary to raise the Apportionment in addition the N-W C Fund. But as the strictly local or diocesan items are not included, the Apportionment is given at double the Convocation assessment of last year to cover these items, viz. Episcopal Endowment, Synodical Expense, Utah Board of Religious Education, Utah Social Service, and Convocation assessment.
